

Kazakh-Russian Medical University World Ranking

- As per the website '<https://www.4icu.org/>', Kazakh-Russian Medical University world ranking is 10,397 and the country rank is 76.
- FMGE result is not available for 2012-18.
- As per the website '<https://www.unipage.net/>', KRMU's world ranking is 8,900 and the country rank is 58.

World Rankings are often deceiving and one should never select a college for MBBS abroad on the basis of World Ranking alone. Global Medical Foundation will suggest that the students must take admission in the universities with a high FMGE or MCI Screening Test passing percentage. We will suggest that the students should choose universities like:

- Bukovinian State Medical University, Ukraine (best FMGE result in Ukraine, Russia, Kyrgyzstan, Kazakhstan, Armenia)
- Vinnitsa National Medical University, Ukraine

Hostel Facility

Hostel facility is provided to all the students. The rooms are equipped with all the basic amenities and are fully furnished. Currently, the students are staying in the turkish hostel but the university is opening a new hostel for the upcoming batches. The hostels are secured and are on sharing basis.

Screening Test Coaching

Clearing the screening test (FMGE or NEXT) is always the biggest concern of every student and their parents. It is essential that students get dedicated coaching for the screening test. Your MBBS degree from abroad won't mean anything unless you clear the screening test in India. To help the students with this, every student who takes admission in Kazakh-Russian Medical University will be provided with Screening Test coaching right from the 1st year. Indian teachers will go to the university each year and provide coaching to the Indian students. Coaching will also be provided to the students in India during summer break. It is mandatory for every student to take the coaching and it will increase your chances of clearing the screening test in the very 1st attempt.
