## Kharkiv National Medical University Hostel

**Kharkiv National Medical University** offers hostel facility to all its students. The hostel provides fully furnished rooms, and the campus is located nearby to the University.

The hostels feature 24-hour access to security and emergency services, making it easy to get assistance when the students need it along with CCTV security, hostel guard, discipline control to secure safety in the hostel. As a campus resident, the students can also use all the services such as Campus Security, counselling services and health services.

Accommodation is guaranteed for all the Indian students who wish to study in KNMU. There are several accommodation options and it is important to consider whether you prefer an independent life style outside the hostel or enjoy living in a student community. Combining the convenience of living on the campus with access to services will help you excel academically providing the opportunity to build lasting relationships, and comfortable, effective studentship.

All the rooms in hostels are provided with WI FI network and furnished fully to make feel students like living at home. Rooms vary in size and facilities. All the different types of rooms (single, double, triple) are equipped with beds, mattress, pillow, desk, chair, heater, lightening etc., which students may need for studying and relaxation. There are areas for playing sports and communication.

## Kharkiv National Medical University Review

“Kharkiv is the second-largest city in Ukraine with a population of about 14-15 lakh people. The city is called the city of students as Kharkiv is full of universities and students from all over the world are currently studying here. The city is well connected by metro trains and is easily accessible from other cities in Ukraine. KNMU is one of the best universities not only because of studies but also because it provides extra-curricular opportunities to its students. Kharkiv has a big community of Indian students. Hostel and Indian mess facility is also available to the students. The support to Indian students is fantastic and students are helped at each and every step. I would recommend KNMU to the students who wish to get quality studies at an affordable price.”
